

This is to certify that in response to a call by Walter Anderson to survey and mark the corners of the East $\frac{1}{2}$ of the S. E. $\frac{1}{4}$ of Section the S. W. $\frac{1}{4}$ of Section 10 Tp. 35 Range 16 East which would determine his East line that on the 11th day of Oct. 1907 I made such survey as follows. Walter Anderson and J. J. Heikuvain, the only interested parties both accepted immediately and personally notice C. E. Schaffstall was sworn in as Chairman.

The 4 corners of the $\frac{1}{4}$ Section being standing I proceeded as follows

$\frac{1}{2}$ way between (and in a direct line of some) the Center of Section and the S. $\frac{1}{4}$ Post stone I planted a double pointed lime stone 18" x 12" x 6" it being 1338 $\frac{3}{4}$ ' North of the S. $\frac{1}{4}$ post and 1338 $\frac{3}{4}$ ' South of the Center

I then planted a lime stone 21 x 10 x 18 - 655.9 feet west of this point and directly in line of this stone and a point $\frac{1}{2}$ way between S. W. corner of Section and W. $\frac{1}{4}$ post.

I then planted a sand stone sharp at point flat at base 5' x 12" x 30" at a point on the South line of Section 1336' South of this point and 648' west of the South $\frac{1}{4}$ post. This completed survey.

Dated at Independence Kas Oct 21 1907

A. C. Gellman

Dep County Surveyor.
