

FIELD NOTES OF SURVEY NO.

Hamilton & Co. Manufacturers Topeka, Kansas

Cherryvale Kansas Oct 9 1886

The above Plat of Section 1, Town 32, Range 13 East showing courses and distances of the East half of the Section as surveyed by me October 5th 1886.

The survey was ordered by H. Pendarvis. The following parties were legally notified E. Price, Wm. Tanksley, J. Harman, E. M. Stark, Van, Cottingham & H. Pendarvis. J. Danison, George W. Mitchell and Alonzo Mitchell were chosen as chainmen and were sworn in. At the South East corner of the Section I found Lime Stone and Sand rock side by side Lime rock as field notes called for Except shorter must have been broken, I then measured North on the East line of Section 1 to the North East corner where I found Sand Stone as described by Government field notes with witness trees.

The distance between these two corners is 5337 feet, I then proceeded to subdivide The East 1/2 of the Section as shown By the above plat At 2668 1/2 feet North from the S.E. Corner I found Sand Stone 6x6 on top Thence North 1334 1/4 ft. found Sand Stone 18" 12" 2 1/2" Thence North 1334 1/4 ft. to N.E. Corner of the Section, At 2620 ft. N 89° 30' W. The S.E. Corner of Section 1 I found government 1/4 post From which I ran North to the Government 1/4 post on the North side of Section 1. The distance was 5310 ft. at 1327 1/2 ft. I found a Sand Stone in hedge 5" x 6" on top, at 2655 ft. center of Section I found Sand Stone 20" 6" x 5" Thence South 1327 1/2 ft. I found Sand Stone 9 feet North of the center of the Cany Valley Air Line R.R. 20" x 5" x 4" At all points where corner should be I found a Stone as above described.
